Announcing the Results of an Administrative Penalty Action

On May 24, 2004, the Norfolk District suspended a permit issued to Delaware Corporation due to noncompliance with the wetland and stream and the historic property mitigation conditions.

On January 20, 2005, the Norfolk District issued a public notice initiating an administrative penalty process. This process has been concluded due to the permittee's payment of an administrative penalty and their compliance with the conditions outlined above. The permit has been reinstated.
